

## HOT EXHIBITS

### ✓ SINCE DARWIN: THE EVOLUTION OF EVOLUTION

SMITHSONIAN  
NATIONAL MUSEUM OF  
NATURAL HISTORY  
Study Darwin and his theory  
of evolution, then find out  
how the thoughts and ideas  
of evolution have changed  
since his time. Through  
July 18, 2010. [www.mnh.  
si.edu/exhibits/darwin](http://www.mnh.si.edu/exhibits/darwin)

### DEAD SEA SCROLLS

SCIENCE MUSEUM OF  
MINNESOTA, ST. PAUL  
Encounter authentic  
fragments of the oldest  
biblical writings, and learn  
the science behind the  
2,000-year-old scrolls.  
Opens March 12, 2010.  
[www.smm.org/scrolls](http://www.smm.org/scrolls)

### TUTANKHAMUN AND THE GOLDEN AGE OF THE PHARAOHS

DE YOUNG MUSEUM,  
SAN FRANCISCO  
All about the age of King  
Tut and the pharaohs of  
Egypt, told through artifacts  
recovered from Tut's tomb.  
Through March 2010.  
[tutsanfrancisco.org](http://tutsanfrancisco.org)

### THE ACCIDENTAL MUMMIES OF GUANAJUATO

DETROIT SCIENCE  
CENTER  
A collection of 36 century-  
old, naturally mummified  
Mexican bodies—"miners,  
fathers, soldiers, farmers,  
children"—each of which  
tells its own story. Through  
April 11, 2010. [www.  
detroitsciencecenter.org](http://www.detroitsciencecenter.org)

### VISIONS OF THE COSMOS: FROM MILKY OCEAN TO BLACK HOLE

RUBIN MUSEUM OF ART,  
NEW YORK CITY  
Eastern and Western views of  
cosmology meet in this explo-  
ration of traditions, science,  
and religion. Runs December  
11, 2009, to May 10, 2010.  
[www.rmanyc.org](http://www.rmanyc.org)

### NATIONAL GEOGRAPHIC CRITTERCAM: THE WORLD THROUGH ANIMAL EYES

PEGGY NOTEBAERT  
NATURE MUSEUM,  
CHICAGO  
View the world as animals  
see it in an exhibit featur-  
ing seals, penguins, bears,  
lions, and more. Cameras  
worn safely by the animals  
are data-gathering tools that  
offer researchers unique  
insight into their behavior.  
Through April 11, 2010.  
[www.naturemuseum.org](http://www.naturemuseum.org)

### MAMMOTHS AND MASTODONS: TITANS OF THE ICE AGE

FIELD MUSEUM,  
CHICAGO  
Ever see a 40,000-year-old  
baby woolly mammoth?  
Also on display: mammoth  
and mastodon skeletons,  
tusks, and flesh. Runs March  
5 to September 6, 2010.
